

What Others Say

We deeply appreciate your kind words …

Alan Your passion for the Lord's work is so powerful! I wish we all had that same fervor. You touched on so many things that have been on my heart for our people to be reminded and convicted of. And you did it so well. Based on attendance at our 11:30 hour, I know you reached people's hearts even if we're reserved and quiet. I'm hopeful that the hearts of our younger people were also touched. Normally, we only draw about 1/2 to 1/3 the size of the audience you had today. God is definitely using you to build his kingdom and to mobilize an army to reach out to the lost as well as the persecuted Christians in the world. You are making a difference.

appreciative of your ministry and visit to campus. We truly were privileged and honored to have you and your wife here on campus. Words can not express the thankfulness we have for how God used your work and service among us during the week of the Missions Conference. We have heard many excellent responses from the Missions Conference and praise God for how He used the week in so many lives. Your testimony is powerful and I personally sat speechless after the service of your testimony and the power of God and His faithfulness. Thank you for sharing this with us and for the testimony of your faith in Christ.

Brother in Christ Pastor Wally, You had a token of complete dedication to the word of God you have exhibited. I've been praying to God that He gives you 100 more years to live in order for you to finish your mission in life. Thank you Pastor you are like a real blood brother to me.

Or perhaps more than I love my own brother. Thank you Pastor, If the enemy tries to block all the good plans you have in your life for God, he is flat out wrong, for he will not succeed, because you have us as your warriors for Christ. We will back you up till the end of time.

Anonymous I just found your story online, about your persecution in Saudi Arabia. I was led to pray for Saudi Arabia today and wanted to find more information on the church there. But the stats of the country say that it is 100% Muslim and this concerned me. Then I found your story and was so encouraged by your faith.

Sister Marie I always enjoy reading reports from F of his time at the festival really encouraged me.

My husband and I are in a motorcycle ministry called H-I-M, Hogs In Ministry. We spend a lot of time at secular motorcycle events and festivals, ministering when we can. I appreciate Pastor Wally's reminder to me, that it is not about me or the ministry, it is about Jesus. I know this, but it is always good to be reminded. Also, the timely reminder to WAKE UP. Wake up and arise was the message our Pastor's wife taught to the women last night.

I just want Pastor Wally to know that he ministers and encourages me even through his email updates. Thank you so much. In Jesus name Daniel Thank you Pastor Wally for coming to The River Church today. My wife and I were blessed by how God used you and still continues to use you as His precious instrument. My wife and I were also convicted as we realized that our content spiritual life is in many ways in contrast to the real spiritual life of God's calling.

David I have heard him speak at Aquire the Fire and was really touched by his testimony and would like my youth group to be blessed and informed of his ministry with the persecuted church. Pakistan I have visited your website and was much blessed by your ministry.

Washington State I would love to join the crisis prayer team. I stumbled upon your website tonight and it brought me to tears. It was very convicting to see how my brothers and sisters across the world have been persecuted for their faith in our Lord Jesus Christ. I would love to pray for them, and for all of those that don't know Christ as their Savior all over the world.

Rebecca

Dear Pastor Wally, My youth group does these voice of the martyrs thing every few weeks and this past week was the first one I have been to (Because I am in 7th grade this year). Anyway we had the chance to see your testimony. I just wanted to say that you are very nice and I want to be like you someday. Serving the Lord. Friend in Christ, Rebecca

Connie

 hi Pastor Wally...this is missy, preshus' friend. Well, i recently left the Vallejo church, and i just wanted you to know that you have made such an impact in my life since Acquire the Fire. I hope that you please and touch the hearts of many other people, because as many hearts as you've touched that night, each person you have, is as many as they will reach as well, and on will it go. Thank you for bringing such a beautiful family into the world, especially as Preshus. After Acquire the Fire, i shared my testimony about it at church, and everybody liked it. In fact, Ate lchu was touched and asked for a copy of the essay. Thank you so much. -Missy

 Well sometimes we christians in our local church forget about of those who are being persecuted in other places and that must not be, b-cus as Hebrews says in chapter 13 to remmember the ones that are in jail as if we where with them (v2) and that as Jesus suffered outside the door for us we should do the same (v12-13). SO i thank the Lord for this ministry and for your devotion and that these may never end as we live.

Bob Ahlers
 I'm a volunteer with Voice of the Martyrs and email information to others. Understand I can sign up for a weekly email persecution report from you. Would appreciate this very much and use it to spread the word about our Brothers and Sisters in Chains. Thanks for your help. Praise the Lord! Bob

Pastor Wally- I was at the Teen Mania camp that you spoke at on August 1st. You really touched me with your words and what you have been through. I wish I had gotten the chance to talk to you, but I did not. I have just become a prayer intercessor, and plan on being one for as long as possible. I look forward to seeing you speak again sometime. In Christ, Emily

Isabela Lemoine
I heard Pastor Wally preach at Acquire the Fire in Dallas, Texas back in March of this year. To be honest, I have never been for missionaries. I thought they just wanted to go on vacation. I cried through his whole message. That day I was completely sold out to missions. I asked God to forgive me and I truly repented for my thoughts. This summer I went on a missions trip to Lima, Peru. The Lord God performed Awesom Miracles and in the proces changed me. The cry of my heart is for the lord to burden me with the lost souls of this world. I desire to see the lost saved and living for Jesus. I want Jesus to open my eyes so that I may see through him. I love the Lord and I have been blessed by the changes that are taking place. God is good. Please keep praying for all the missionaries. Love, Isabela

I met Pastor Wally at Aquire the Fire in Washington. I was touched by his testimony and encouraged. I love to hear about Christians that are not about words but actions. God Bless! Philippians 1:29 "For it has been granted to you on behalf of Christ not only to believe on him, but also to suffer for him"

Regina Rudzik
It is such a relief to know that there are countless others who share my burden for our brothers and sisters who suffer for our Lord's sake. He is leading me to many ministries in order to be educated about the suffering church, to be able to pray specifically for it, and to disseminate information about persecution against the Church. For many years I thought the problem was just too big for me...now I know I am to be faithful in doing my part and trust God to bring others alongside. You are doing a beautiful work for Him. With you in Christ, Regina

Tim Ortiz
 Pastor Wally, I met you in Auburn Hills Michigan at Aquire The Fire this year 2002. As you may remember I had just undergone a kidney transplant and was recovering well. Recently I was approved for a pancreas transplant which could happen at any time. I have considered all the trials of sickness, operations, failed eye sight, and now recovery as nothing compaired to what many others have sufferd for the sake of Christ including yourself! I pray only that I am found to be faithfull and willing to accept any thing that comes my way. I have been asking the Lord to help us to have you here, but many in our town are reluctant to partner to bring you here. Pray that God softens there hearts! The church that I pastor is beginning to be blessed, and they are finally able to lend some financial support. We have begain to support a Home Missionary and desire to support what God is doing through you also. I cry as I write this to you for many are new converts and are learning the joy of giving and faithfulness. I am humbled to have met you and your Pastor's they are special people of God. This is my prayer for you today. Jesus, bless this man and the gift that he is to the body of Christ! Bless the staff and all who volenteer there! Give them increase so that they can make others aware of the tortures that are happening even now! And thank you most of all for bringing them into my life if only for a moment! By the power of Christ I pray.
 Amen Tim Ortiz Servant at The Father's Heart Ministries

I am glad to see so many of us involved in this type of ministry, "praying for the persecuted because of their faith in HIM" Send me more info so that my church in Malaysia can pray more also. 1 Corinthians 12:26

Hello Pastor Wally. Thanks for coming to Topeka and sharing the Love of God with us. You are a modern day Paul in my eyes. Not that you have persecuted the church - but that you have been brought through the worst this world can throw at us and have not only survived - but by the grace of God, flourished. May God bless, guide and keep you as you bring hope and help to our brothers and sisters of the persecuted church! Though tiring at times (thanks for showing your feet of clay) your work is most important - keep it up, and may God strengthen you every day. Pastor Wally - please pray for the unborn, 33 million plus have been lost to abortion in the United States since 1973. We must not look the other way - it's got to stop.

Amanda
I wish I could help..but I do not have any money to donate, if there is anything else I could do let me know please.

Pastor Wally, I was very moved by your messages at the banquet at Greece Assembly of God Saturday night and in church on Sunday. Your work is so very important and God is using you in such a powerful way. Sunday evening we went to my sister's house for my nephew's birthday party and I was sharing with my mother and sister how you were severely persecuted for your faith in God and how you suffered in prison and faced the death penalty for teaching the Word in Saudi Arabia. They just looked at me like I was nuts and I felt so sad. My sister said you were crazy for trying to preach the Gospel in Saudi Arabia and my mother told me I am "too into this God stuff". They just don't understand that the Word needs to be spread to every man before Jesus will return. They are both Catholics and I have been trying to bring them to Greece Assembly of God for years. My mom and dad have come for special occasions and I did invite them to attend your message yesterday, but they wanted to go to their own church. I will keep praying for them and talking to them, but I guess I just wanted you to know that I felt in my heart what you felt when people deny Christ and it hurts so bad. Thank you for your work Pastor Wally and I am glad to hear that Jesus came to you in your cell and touched your face. I know he must have come to you when you were at your lowest point. I know his touch kept you alive and going. Jesus came to me once when I was struggling to find Him. He hugged me and would not let go until I let go first. I will never forget the awesome power of love I felt with his arms wrapped around me and always think about the encounter whenever I feel life's blows or struggle with keeping evil away from me and my family. Thank you for

your time and may God continue to bless you.

I heard about this site when Wally came to Countryside Christian center in Florida for our annual Missionary Conference!! I loved hearing about the work of God he's doing. I think it's wonderful and is God-inspiring.

Hello, I really enjoy reading all the about CIC. I always wonder how it would feel to not be able to worship God freely. I am thankful for my freedom and hope and pray that soon everyone will gain the same freedom as we do in America.

This is a wonderful site. My Jr. High Sunday School and I are praying for our brothers and sisters. Could you please tell us who sings the song on your home page?

Please send me more information. Is there a video of Pastor Wally's testimony. I saw a portion of it on television and wonder if it is available to purchase and share with other believers. I'll never forget the prayer he prayed in a plea for his life: Lord, You can still use me! How powerful! What a prayer for every believer! Not Lord, I would like to see my grandchildren grow up; or Lord, I would like to see my son graduate; nor Lord, I would like to see my wife go to college but Lord, let me live to see Your glory in me! I was blessed and challenged! God bless you, PameLa Bates

 Our son Adam attends First Assembly of God in Ft. Myers, FL and was at the Youth Missions Banquet 11-6-02. He raised his hand regarding "being called to the Mission Field" and prayed with Wally. We have known since he was 5 that God had a calling on his life. Wally, we heard you a couple of years ago when you were here. Thank you for the impact you have had on us, and especially Adam.  HELLO, I was excited to get this prayer update for the persecuted church. It would be a blessing to hear and meet Pastor Walley, can you come to Golden Hills Church in Antioch, CA?. My wife and I presented the VOM video at our church's outreach center for the lost and homeless! The video was moving and heart breaking and at the same time a testimony of the Lord Jesus Spirit to uplift and give those believers the power to forgive those who persecuted them! Yours in Christ Jesus, Mike and Stephanie O

 Today is the first I have visited your site. I have found it to be very enlightening. This source of information about our brothers/sisters will help me pray more effectively and knowledgeably. Thanks!

I can't tell you how much this group means to me. I have been trying to put God first in my life, and, yes, I find it hard to do. I ask for your prayers, for I enjoy being in the Lord more than not. You are in my prayers, and I just hope that I can help in some way. God Bless!

hi pastor wally! just wanted to let you know that papa & mama are also praying for you(charito m.& amor lim).God Bless...

What an honor to have you speak at our church this past Sunday. We were deeply saddened by the realities that you presented. I am ashamed to say I had no idea how bad the persecution of the church is in this "modern age". I guess here in America we dont even think about people not having the ability to here and know God. We take our religious freedom for granted. We will join you in prayer and again thank you for opening our eyes to these needs.

Pastor Billy McKee AoG.

Many,indeed too many of us are caught up in our own small corner of the vineyard.I will inform our gathering and seek support both prayerfully and financially. Pastor Billy.

James B. Wertz

This thanksging I am grateful that I am not in danger for being a Christian and pray for those who are. God bless you.

I also had a chance to meet Pastor Wally at my church here in New Jersey. What a powerful testimony of God's power! You know, we take so much for granted here in the United States. God help us all! Let's continue to pray for our persecuted brothers and sisters. Amen!

John Payne

Is there any organization set up not only to preach the gospel to the Moslem world but set up to protect christian communities and cells from torture and murder? I find it difficult to see people come to Christ in these countries and then left to the mercy of darkness with no place or protection from agression. Is there any thing we can do to help organize and protect these people? Is any one organizing a defense to the Muslem military wholesale murder of christian communities?

Wally, You are letting God use you not for money or fame like some major preachers or evangelist do. You are strickly in for this because it is for God. I am so glad that you are letting God use you for his kingdom. Many do not choose to let God use them for the kingdom. So I want to thank you for that. With out you starting this ministry many would not have the chance to help the persecuted church. Thanks and God Bless. I will continue to pray for you and this ministry.

I was very prievedged to hear Pastor Wally speak at Acquire the Fire in Nashville on March 15th. It has been a long time since I have been so touched, and my heart goes out to you, Pastor Wally, and those who have had/are having similar experiences. I am lost for words, but I will continue to pray for this ministry. Thank you so much for sharing your testimony with us. I just wanted to let you know that there were some youth out there who were listening to you with the utmost respect. God bless you!

Thank you so much Pastor Wally. I have never been moved the way i was when I heard your testimony at Stoney Creek High School a few days ago. I never knew the meaning of 'indecribeable' or 'overjoyed' until i heard you talk and really found out Jesus lives in all of us. Thank you so much for the wake-up call and keep telling your story!!!!

Francesca
To Pastor Wally and Family- You were just at our church, Second Cape May Baptist Church, for our missions conference, and I just wanted to say that I was completly amazed and touched. Your tesitmony is absolutely incredible and the guidance you gave us, the youth, was extremely helpful. After listening to your testimony and watching the videos you showed, made me emotional and God layed on my heart the desire for missions. I don't have many trials that I have gone through, like you, but I have the desire to share the gospel of Jesus Christ with the lost! You are truely an inspiration! Thank You! I'll be praying for you, your family, and the people who you are trying to reach!

I want to be faithful to Hebrews 13:3 as a life-long commitment. Early Christians, and normal Christianity, obliges us to bear one another's burdens. As we are obedient in these things, the personal closeness to God, and larger revivals we long for, are just by-products of that obedience (Isaiah 58:8,10), to say nothing of the encouragement our active support brings to the persecuted, the testimony of our unity to the world (John 17:23), and the joy our love brings to the Father's heart. May intercession increase like a huge bonfire that grows brighter and stronger until our Lord returns!

Pr.Carlos / Chile

Pastor Wally, Thank you so much for your coming to Teen Mania to talk with us about what is going on in that
lives of Christians who are being persecuted. Sometimes i don't realize just how blessed I am to live
here in the U.S.A. and not face much more than a little bit of teasing by way of persecution. I wonder if that
freedom I treasure could one day be taken away from me and if I would fight for that freedom or if there
is more freedom in Christ for those who are persecuted for His name. I will pray for the persecuted
church, that they would grow in their relationship with Christ and shine for Him in that darkness. Your sister in

G/libanos I am happy to visit your blessing web site.God bless your ministry. If there is a chance may I ask to
introduce our church in preseuction here in the Northern part of Ethiopia.

Leake G/libanos
We are in a church working the under difficult atmosphper here in the Norther part of Ethiopia.Eventhough the
constitution supports a freedom of faith and we exercise it to some extent, still we have hard
situations especially in finding or havinfg a plce or hall to worshop...etc.We are praying to have a small plot of
land and to construct a small hall on it. but we have nothing in our account for this proposed

construction. May we ask your advice in this regard on how to approach this case. We believe and have a word of hope that we will win this situation and step forward. God bless you.

Dear Pastor Wally: We heard you speak at the vom conference two summers ago and met you at Frisco, Texas last year in a house of prayer meeting. It is so good to see your ministry expanding. We are still holding a house of prayer almost every month. We are especially praying for your success with making people aware of the persecuted church. God Bless You Andy and Betty Taylor

Dear Sir: How could our youth group obtain the addresses of some of our Christian brothers and sisters who are imprisoned in Saudi Arabia and write to them. We understand that the messages or letters will be read by the guards who hold them captive but isn't that a beautiful thing.

Pat Mamaclay

I heard your testimony at Countryside Christian Center, Clearwater, FL in part last October 2002. This morning, I heard your tape in full. I'm also a Filipino and my experience in the Philippines as a former martial law detainee and my eventual conversion to Christ in 1989, and finally joining full time ministry in 1997 makes me understand you fully as if I saw myself in you magnified by many times. I felt humbled by what you went through in your Christian walk. Your life glorifies God and I pray that you will remain faithful and pure in your Christian walk. I'm joining the Mentoring program of Countryside Church and your message will be one of my inspiration to remain faithful in my calling. Thank you and I wish you God's protection and blessing. Dean Pastor wally have you seen this verse? This is something to think about! Since America is typically represented by an eagle. Saddam should have read up on his Muslim passages... The following verse is from the Quran, (the Islamic Bible): Quran (9:11) -- For it is written that a son of Arabia would awaken a fearsome Eagle. The wrath of the Eagle would be felt throughout the lands of Allah and lo, while some of the people trembled in despair still more rejoiced; for the wrath of the Eagle cleansed the lands of Allah; and there was peace. Note the verse number!!!!)

My wife and I recently developed a ministry very similar to yours. we would like to talk to you about our combining our efforts with yours. We are in the process of developing a "grass roots" organization that will cover every county in every state in America. Our goal is to make sure that every church has an opportunity to be involved in stopping the senseless brutality against Christians living in the "persecuted countries" Jim and JoEllen Boyd 540-949-4132 209 Kingspot Rd, Waynesboro, Va. 22980 God bless your ministry richly.

Good morning, The Holy Spirit moved our hearts thru your interview with David Burns in Champaign, Il. We thank the Lord for raising a voice to tell of the suffering of His people for His Name of Jesus. If we are made aware of this and are not moved to action, the Love of God is not in us. I pray He continues to lift up voices and that His Grace will be upon us so we will truly be sold out for Jesus in word and in deed.
Thanks, john & cathy

Dear brethren, it was good to find your website. My family has supported the work to help our persecuted family for 7 years. We are now being called by the Lord to take the Gospel to the unreached and plan on making aid, training, and service to the persecuted a major component of the ministry. We plan on staying conected to CIC through your website. Feel free to contact us if there is anything we can do. We intend to support a seminary this year. God bless! Geoff Side note: The Quran 9:11 verse is a hoax. It doesn't say that.

Hi, I think its great to get the message out to countrys by radio.Where people cant have Bibles,but want to know more about Jesus,an salvation and his soon return for his bride the true believers. Since this is the last generation from May/14/1948 when Israel became a nation. An a generation is 70 years---Psalm 90:10 An the bride is not appointed to wrath 1Thess 5:9 Then that leaves us to May/14/2012 However I think Jesus can an will come sooner when you think not!! We need to share this with our imprisoned family to encouage them in our Lord! God Bless!
